Compliance Information

FCC NOTICE

The following statement applies to all products that have received FCC approval. Applicable products bear the FCC logo, and/or an FCC ID in the format FCC ID: GSS-VS14109 on the product label. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. This mobiledevice has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequencyenergy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures

- · Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- onsult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void theuser's authority to operate the equipment. The antenna(s) used for this transmitter must not be colocated or operating in conjunction with any otherantenna or transmitter.

FCC SAR information

FCC Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The device was tested and complies to measurement standards and procedures specified in FCC OET Bulletin 65, Supplement C

Canada Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

CE Conformity for European Countries

The device complies with the EMC Directive 2004/108/EC and Low Voltage Directive 2006/95/EC.

CE SAR Information

CE

THIS MOBILE DEVICE MEETS GUIDELINES FOR EXPOSURE TO RADIO WAVES. Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves recommended by international guidelines. These guidelines were developed by the independent scientific organization ICNIRP and include safety margins designed to assure the protection of all persons, regardless of age and health.

The exposure guidelines for mobile devices employ a unit of measurement known as the Specific Absorption Rate or SAR. The SAR limit stated in the ICNIRP guidelines is 2.0 W/kg averaged over 10 grams of tissue. Test for body worn SAR, the positions of the device are at a minimum of 1.5 cm from the body with the device transmitting at its highest certified power level in all tested frequency bands. The actual SAR level of an operating device can be below the maximum value because the device is designed to use only the power required to reach the network. That amount changes depending on a number of factors such as how close you are to a network base station. The highest SAR value under the ICNIRP guidelines for use of the device at the body is 0.792 W/kg. Use of device accessories and enhancements may result in different SAR values. SAR values may vary depending on national reporting and testing requirements and the network band.

Following information is only for EU-member states:

The mark shown to the right is in compliance with the Waste Electrical and Electronic Equipment Directive 2002/96/EC (WEEE).

The mark indicates the requirement NOT to dispose the equipment as unsorted municipal waste, but use the return and collection systems according to local law.

If the batteries, accumulators and button cells included with this equipment, display the chemical symbol Hg, Cd, or Pb, then it means that the battery has a heavy metal content of more than 0.0005% Mercury, or more than 0.002% Cadmium, or more than 0.004% Lead.

European Union Regulatory Conformance

The equipment complies with the RF Exposure Requirement 1999/519/EC, Council Recommendation of 12 July 1999 on the limitation of exposure of the general public to electromagnetic fields (0–300 GHz). This equipment meets the following conformance standards: EN50332-1/2, EN301489-1, EN301489-3, EN301489-17, EN55022/24, EN62209-2, EN60950-1, EN300328, EN300440-1/2

The device has been tested to comply with the Sound Pressure Level requirement laid down in the applicable EN 50332-1 and EN 50332-2 standards. Permanent hearing loss may occur if earphones or headphones are used at high volume for prolonged periods of time.

A pleine puissance, l'écoute prolongée du baladeur peut endommager l'oreille de l'utilisateur.

The conformity assessment procedure has been followed with the involvement of the following Notified Body:

Declaration of RoHS Compliance

This product has been designed and manufactured in compliance with Directive 2002/ 95/EC of the European Parliament and the Council on restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS Directive) and is deemed to comply with the maximum concentration values issued by the European Technical Adaptation Committee (TAC) as shown below:

| Substance | Proposed Maximum Concentration | Actual Concentration |
|---|--------------------------------|----------------------|
| Lead (Pb) | 0.1% | < 0.1% |
| Mercury (Hg) | 0.1% | < 0.1% |
| Cadmium (Cd) | 0.01% | < 0.01% |
| Hexavalent Chromium (Cr ⁶⁺) | 0.1% | < 0.1% |
| Polybrominated biphenyls (PBB) | 0.1% | < 0.1% |
| Polybrominated diphenyl ethers (PBDE) | 0.1% | < 0.1% |

Certain components of products as stated above are exempted under the Annex of the RoHS Directives as noted below:

Examples of exempted components are:

- 1. Mercury in compact fluorescent lamps not exceeding 5 mg per lamp and in other lamps not specifically mentioned in the Annex of RoHS Directive.
- 2. Lead in glass of cathode ray tubes, electronic components, fluorescent tubes, and electronic ceramic parts (e.g. piezoelectronic devices).
- 3. Lead in high temperature type solders (i.e. lead-based alloys containing 85% by weight or more lead).
- 4. Lead as an allotting element in steel containing up to 0.35% lead by weight, aluminium containing up to 0.4% lead by weight and as a cooper alloy containing up to 4% lead by weight.

Important Safety Instructions

- 1. DO NOT place objects on top of the ViewPad, as objects may scratch the screen.
- 2. DO NOT expose the ViewPad to dirty or dusty environments.
- 3. DO NOT place the ViewPad on an uneven or unstable surface.
- 4. DO NOT insert any foreign objects into the ViewPad.
- 5. DO NOT expose the ViewPad to strong magnetic or electrical field.
- 6. DO NOT expose the ViewPad to direct sunlight as it can damage the LCD Screen. Keep it away from heat sources.
- 7. Do not store your device in temperatures higher than 50°C (122°F). The operating temperature for this device is from 0°C (32°F) to 50°C (122°F).
- 8. DO NOT use the ViewPad in the rain.
- 9. Please check with your Local Authority or retailer for proper disposal of electronic products.
- 10. The ViewPad and the adapter may produce some heat during normal operation or charging. DO NOT leave the ViewPad on your lap to prevent discomfort or injury from heat exposure.
- 11. POWER INPUT RATING: Refer to the rating label on the ViewPad and be sure that the power adapter complies with the rating. Only use accessories specified by the manufacturer.
- 12. DO NOT use a pen or any sharp object to tap the screen.
- 13. Clean the touch screen with a soft cloth. If needed, dampen the cloth slightly before cleaning. Never use abrasives or cleaning solutions.
- 14. Always power off the ViewPad to install or remove external devices that do not support hot-plug.
- 15. Disconnect the ViewPad from an electrical outlet and power off before cleaning the ViewPad.
- 16. DO NOT disassemble the ViewPad, only a certified service technician should perform repair.
- 17. The ViewPad has apertures to disperse heat. DO NOT block the ViewPad ventilation, the ViewPad may become hot and malfunction as a result.
- 18. Risk of explosion if battery replaced aced by an incorrect type. Dispose of used batteries according to the instructions.
- 19. Users have to use the connection to USB interfaces with USB 2.0 version or higher.
- 20. PLUGGABLE EQUIPMENT, the socket-outlet shell be installed near the equipment and shall be easily accessible.

Chapter 1: Getting Started

1.1 Your Device

Front

Micro USB connector:
Connect USB cable to PC as a USB mass storage.

1.2 Accessories

Your package comes with the following items. If any of them is missing, please contact your retailer.

- ViewPad 7x
- AC adapter and plugs
- Micro USB cable
- Headset
- Quick Start Guide
- Compliance information

1.3 Installing Memory Card

You need a microSD[®] card to store photos, music, videos, and other data.

To install the memory card

- 1. Open the card cover.
- 2. Insert the microSD card as shown. Make sure the gold contacts are facing down.

To remove the memory card

- For safe removal, tap Settings > Settings > Storage > Unmount SD card.
- 2. Open the card cover.
- 3. Push to eject the microSD card from the slot.
- **NOTE:** Do not remove the memory card while the device is turned on. Sudden removal of the memory card may cause data loss or unpredictable system hang up.

1.4 Charging Battery

The battery is only partially charged. To fully charge the battery, charge it for 2 hours.

Charge the battery

- 1. Connect one end of the AC adaptor to the DC jack of the device.
- 2. Plug the other end of the AC adaptor to the wall outlet to start charging.

When the battery is charging and the device is turned on, the **1** icon is displayed on the status

bar. When the battery is fully charged, the **i** icon is displayed on the status bar.

1.5 Using Headsets

For hands-free conversation or listening to music, plug a headset to the headset jack. **NOTE:**

- When using a headset, your ability to hear outside sounds may be limited. Do not use headset if it will endanger you.
- When using a headset, do not set the volume to its maximum as it may damage your hearing.

1.6 Turning the Device On or Off

After installing the memory card and charging the battery, the device is ready to be turned on.

To turn on your device

Press and hold the **Power** button until the device vibrates.

To turn off your device

- 1. Press and hold the **Power** button for 5 seconds.
- 2. A pop-up window appears, tap **OK** to confirm.

To set your device to Sleep mode

To set the device to sleep mode, press the **Power** button. This will turn the display off. To turn the display on, press the **Power** button again.

1.7 Unlocking the Screen

By default, the screen automatically locks after a period of inactivity. You can set the length of time until the screen locks, see "Screen" on page 59.

To unlock the screen

- 1. Press the **Power** button to turn on the display from Sleep mode.
- 2. Tap \bigcirc and drag the middle circle (\bigcirc) to \bigcirc to unlock the screen.

Chapter 2: The Basics

2.1 Home Screen

From the Home screen, you can quickly access common features and view notifications of received messages, battery and connection status.

Extended Home screen

Swipe your finger to the left or right across the Home screen.

The two extensions to the left and to the right of the Home screen provide more space for icons, widgets, shortcuts, and other items.

Status Bar Icons

Status bar icons indicate different types of information.

The icons on the status bar indicate the following information:

| lcon | Description |
|------|-----------------------------------|
| | Battery is full. |
| | Battery is low. |
| 1 | Battery is completely discharged. |
| 2 | Battery is charging. |

| lcon | Description |
|------|---------------------------------|
| | Wi-Fi is connected. |
| * | Bluetooth connection is active. |
| Ŧ | File downloading in progress. |
| Μ | New email notification. |

Tap the status bar and scroll up to view notifications or view system information easily. To close the window,

tap ⋐.

Shortcut menu

The shortcut menu allows you to easily access an application from the Home screen. To open an application, tap an icon.

Customizing shortcut menu

To add a shortcut:

- 1. Tap 🕂 .
- 2. Tap **App shortcuts** to display the applications.
- 3. To add an item, drag the application icon to the specific Home screen.

To remove shortcut:

1. Tap and hold an application icon.

The **Remove** icon appears on the top right of the Home screen.

Drag the application icon to delete. The application icon is removed from the Home screen.

Using widgets

Save time with live updates right on the Home screen and get all your personalized updates in one place.

You may add and customize the Widgets on the Home screen as you like.

- From the Home screen, tap +.
 All available widgets is displayed.
- 2. To add widget, drag the widget icon to the specific Home screen.

To remove widgets:

- From the Home screen, tap and hold the desired widget. The Remove icon appears on the top right of the Home screen.
- 2. Drag the widget to Remove icon to delete it from the Home screen.

Application drawer

The Application Drawer contains all applications and settings. Tap **HAPPS** to open the menu.

 Tap an icon to access the application.

Setting wallpaper

You can customize the wallpaper of your Home screen with a default wallpaper or with pictures taken with your device.

Limited Warranty

ViewSonic[®] ViewPad

What the warranty covers:

ViewSonic warrants its products to be free from defects in material and workmanship, under normal use, during the warranty period. If a product proves to be defective in material or workmanship during the warranty period, ViewSonic will, at its sole option, repair or replace the product with a like product. Replacement product or parts may include remanufactured or refurbished parts or components.

How long the warranty is effective:

ViewSonic ViewPad are warranted for at least 1 year for labor from the date of the first customer purchase.

Who the warranty protects:

This warranty is valid only for the first consumer purchaser.

What the warranty does not cover:

- 1. Any product on which the serial number has been defaced, modified or removed.
- 2. Damage, deterioration or malfunction resulting from:
 - a. Accident, misuse, neglect, fire, water, lightning, or other acts of nature, unauthorized product modification, or failure to follow instructions supplied with the product.
 - b. Any damage of the product due to shipment.
 - c. Removal or installation of the product.
 - d. Causes external to the product, such as electric power fluctuations or failure.
 - e. Use of supplies or parts not meeting ViewSonic's specifications.
 - f. Normal wear and tear.
 - g. Any other cause which does not relate to a product defect.
- 3. Any product exhibiting a condition commonly known as "image burn-in" which results when a static image is displayed on the product for an extended period of time.
- 4. Removal, installation, one way transportation, insurance, and set-up service charges.

How to get service:

- 1. For information about receiving service under warranty, contact ViewSonic Customer Support (Please refer to Customer Support page). You will need to provide your product's serial number.
- 2. To obtain warranty service, you will be required to provide (a) the original dated sales slip, (b) your name, (c) your address, (d) a description of the problem, and (e) the serial number of the product.
- 3. Take the original container to an authorised ViewSonic Service Centre or use the prepaid product freight option to ship to ViewSonic directly.
- 4. For additional information or the name of the nearest ViewSonic service center, contact ViewSonic.

Limitation of implied warranties:

There are no warranties, express or implied, which extend beyond the description contained herein including the implied warranty of merchantability and fitness for a particular purpose.

Exclusion of damages:

ViewSonic's liability is limited to the cost of repair or replacement of the product. ViewSonic shall not be liable for:

- 1.
